

A workshop on
EARTH CARE, SOCIAL JUSTICE, and SPIRITUALITY

Awakening the Dreamer

Changing the Dream Symposium

Facilitated by RoseTherese Huelsman

Saturday, April 10, 8:30 a.m. to 1:00 p.m.

Guardian Angels Parish Hall, 1310 Westport Rd., KCMO

Through inspiring multimedia, leading edge information, and group interactions, participants reconnect with their concern for the world and are empowered to make a difference. The Symposium explores the current state of our planet from a new perspective, and connects participants with a powerful global movement to reclaim our future.

It presents a bold vision of creating a world that is **environmentally sustainable, spiritually fulfilling, and socially just**. It answers the questions: Where Are We? How Did We Get Here? What's Possible for the Future? Where Do We Go from Here?

Come, learn, build relationships with people who care about our world and who want to make a difference.

"I was not expecting the effect this symposium had on me. I expected to be engaged and interested, but now I feel as if my life is on a different course than it was. This affected me profoundly. —JS, Concord, CA
