## MyCatholicVoice

Captures, organizes and shares the tradition of the Catholic faith for the next millennium.

- MyCatholicVoice is a dynamic community of people – Catholics, Christians, and others — interested in exploring the rich tradition of the Catholic Faith.
- The mission of MyCatholicVoice is to capture, index and share this tradition, using the best Internet technologies and social networking capabilities. Think of us as a combination of iTunes, YouTube and social networking capabilities designed specifically for the needs of the global Catholic Church.
- We feature content of the major Catholic publishers, including the largest selection of downloadable music and video from major Catholic publishers on the Internet. Our library increases daily as we strive to provide easy access to a broad range of current and historical material that speaks most to you.
- Our users expect our site to be safe - so MyCatholicVoice strives to provide an online environment that is safe and respectful. We welcome dialogue, discussion and diverse points of view, yet require that users adhere to our terms of service and the policies reviewed and approved by our advisory board.
- Our users create "content centered communities" where they connect with their parish, youth group, or special interest group and access resources important to their lives and ministries.
- MyCatholicVoice is the online destination for Virtual Pilgrimage™ and major Catholic events important in the life and ministry of Catholics.

## A NEW CHALLENGE FOR THE NEW MILLENNIA

“Do not be afraid of new technologies! These rank ‘among the marvelous things’ – *inter mirifica* – which God has placed at our disposal to discover, to use and to make known the truth, also the truth about our dignity and about our destiny as his children, heirs of his eternal Kingdom.”

- Pope John Paul II
